LED SUPER UFO

Specification:

Voltage: AC100-240V, 50-60Hz

Rated Power: 240W

Lamp source: 6pcs x 40W RGBW

Cooling system: Aluminium cooling, air cooling

Lens: High precision optical lens

Beam angle: 2 degrees

Dimming: 0-100% Linear dimming

Strobe: 0-20times / second

Control mode: DMX512 signal /primary /slave synchronization

Panel display: Premium 1.77-inch color LCD screen

Channel: 14Ch/16Ch

Scanning angle: X axis 540, Y axis 320, Z axis infinite rotation

Scan fine-tuning: 8/16bit

Color: independent 4-color effect which can be unlimited mix color combination

Dimension: 338mm x 265mm x 207mm

Weight: 5.8Kg
