

CLAIR LIGHTING

THUNDERBOLT 1000W IP66

Light source: 850W White LED

CT: 6500K

Lifespan: >20,000Hours

Standard mode: Ra>70

Voltage: AC100-240V 50/60HZ

Input power: 1000W

PF $\geq$ 0.98

Pan: 540°/630°optional (16bit)

Tilt: 270°(16bit)

Advance motion system: auto repositioning, fast, quiet and smooth

CMY infinite color mixing

CTO Linear

7 dichroic filters +open

Special color effect: bidirectional rainbow color

Rotating gobo: 7 interchangeable + open with shanking effects and gobo positioning

DMX channel: 34/36/56Ch

Prism: 5-facet prism

Focus: Linear focus

Iris: 5% -100% electronic iris

Shutter: electronic variable from 1-25Hz or random

Dimming: 0-100%linear dimming

Zoom: 2.5°-55°linear

Patented framing system: 1 set of all directional framing system with 8 framing blade precise position can be cutting 120° rotation. Flicker free managementWith quiet mode and

High-power mode Animation wheel

Display: 15 seconds standby auto lock

Optional ArtNET controlRDM compatible

intelligent fan noise control,

intelligent energy-saving

Dimension(mm):395 x 290 x 628mm

Net weight: 27Kg
