

CLAIR LIGHTING

10X50W CYC BAR IP65

Specification

Input voltage: 100-240V 50-60Hz

LED source: 10x50W 4in1 ultra bright LEDs

Rated power: 500W

LED Lifespan: <30,000 hours

PWM dimming frequency: 1KHz

Dielectric strength: 1.5KV

Insulation resistance : 2MΩ

Control mode: DMX 512, Auto, master slave

Channels: 4/9/19/24/40/49ch

Cooling method: natural cooling

Protection rating: IP65

DMX Connection: 3-pin XLR input/output

Display panel: Soft touch screen

Weight: 10Kg

Features:

- upgraded touch-control design that enables individual colour changes for each LED
- 40degrees crystal clear lens
- Weatherproof (IP65-rated) for reliable indoor and outdoor use
